

# Safety Partnership CSE-CSE Safety Attendant Training

2011 Accrediting & Auditing Fees

Zero incidents by  
choice through  
Partnerships  
for Safety...

## Applicants need to:

- Be an IEC Plant, SCA Member, or Building Trade
- Complete initial application and review process
- Attend the class as a participant
- Participate in an in-depth review of course components
- Successfully deliver the course under review by an STS Auditor and the STS CSE-CSE Safety Attendant Training Specialist
- Complete an orientation of associated documents and forms
- Sign a Trainer Agreement
- Submit to a course delivery audit within the first year, and then annually.
- Be or become a Registered Training Provider

## Safety Partnership Vision

*The Safety Partnership vision is to get workers to the job-site trained and ready to work in a timely and cost-effective manner.*

## Registered Training Providers

- are IEC Plants, SCA Members, or Building Trades authorized to deliver accredited safety training courses using an Accredited Trainer
- They must meet and maintain essential standards of performance that support quality standardized training and records management
- Registration Fees are \$425 for the first year and then \$125 annually
- These fees are to register the training organization only, and apply annually
- Additional trainers and training courses may then be added on a per trainer fee basis without additional registered training provider fees to the organization
- These fees are not included in the per trainer fee schedule shown below

## Confined Space Entry (CSE)-and CSE Safety Attendant Awareness Training

### Accreditation Fees Per Trainer

<b>Initial Fee</b>	<b>\$850.00</b>
<b>Annual Renewal</b>	<b>\$275.00</b>

### Note:

- Organizations must be either current Registered Training Providers, subject to the ongoing \$125 annual renewal fee, or
- Register as a new Registered Training Provider, subject to the \$425 initial fee
- Additional trainers may be added immediately or at a later date
- **Fees in effect as of July 1, 2011**

## How were these accreditation fees determined?

- Fees are based on a revenue neutral cost-recovery model
- Costs were determined using a pilot accreditation process

## Who has endorsed this fee model?

- Safety Partnership Safety Training Standards (STS) Committee
- Sarnia Construction Association
- Safety Partnership Operational Committee
- IEC Executive Committee

## What are the benefits to my organization?

If you train a lot of workers you can save money. You will need to train 12-15 individuals per trainer in year 1 and approximately 4-5 workers per trainer annually thereafter to break even

If flexibility in scheduling is what you need then becoming a Registered Training Provider may be a good fit for your organization

## What does the IEC charge members for Confined Space Entry (CSE) –and CSE Safety Attendant Awareness Training?

IEC Plants, SCA, or Building Trades  
\$89.50 + HST-Records fee included
