Training Records Management

The IEC Executive approved the purchase and installation of a state of the art records management database system. This system will be activated for a start date of July 20, 2009. Many opportunities and benefits will arise from this system:

- **Up-to-date training records**
- **Email reminders when training has expired**
- **ID photo card shows training status**
- **Transcript printed if needed** to show future employers that your training is updated and you are ready to work
- **Reduce duplication of training**
- Enable contractors to better manage training records
- Promote on-line registration of workers
- Create new opportunities for future swipe or smart card capabilities
- Will support future locally developed computer based training courses

There is a records fee assigned to every course, including all non chargeable courses such as Basic Safety.

Members will pay a discounted fee of \$5.00 per course.

Non-members pay a record fee of \$10.00 per course.

THE DATABASE GOES LIVE

July 20, 2009

Fees will start for each course on this date.

IEC OPEN HOUSE

Please mark your calendar for
Wednesday - July 8th: 1-5 pm
or
Thursday - July 9th: 1-5 pm

We would like to
introduce you to the
IEC's new Training
Database System

It is going to help everyone
be more efficient!!

RECORDS MANAGEMENT DATABASE

The new database being installed
at the IEC will be able to house
thousands of records.

This is an opportunity for companies
to access this information highway
to help manage their company's safety
performance more effectively.

Each training record will have a fee based
on current industry practices...
the IEC's has an even lower rate!

**The system can tell you, via email, when
your employee's training is about to
expire!! No more duplicate training!!**

Find out about the New Associate Member Option

Anyone can join to be an Associate Member.
There is an annual fee and the benefits you receive
are:

- SMA (Safety Management Assessment Audit)
- Discount on training record fee - \$ 5.00
- Access to IEC training records via internet
- Scheduling your workers on-line
- Safety Partnership Newsletter
- Reduced rate for any consulting services
- Emailed reminders for IEC training expiry dates
- Share incident learnings
- Room rental discounts
- T.A.S.C. card evaluations

You'll be glad you joined!!

Safety Standards Project

Exciting opportunities in maintaining
the high level of safety that
Sarnia - Lambton has
been recognized for.

At the Open House find out
how the Safety Standards Team
has developed and will be recommending
the adoption of valley wide standards
for Asbestos Awareness and Fall
Protection.

See ideas on the future revamping of our
Basic Safety course.
